RE: Guard Rail Installation – Chestnut Road
ANR Oconto Falls Meter Station
Town of Oconto Falls, Oconto County, Wisconsin

Attn: Mr. Krause:

In light of the recent incident involving a car leaving Chestnut Road on a curve within the Town of Oconto Falls and damaging ANR Pipeline Company's (ANR) facilities, the parties, including the Town agree that the installation of the guardrail in this location would be prudent to help deter possible future incidents. ANR is willing to reimburse the Town for the expense of the Town's purchase and installation of the guardrail. The Town, by signing this letter, would be agreeing that it would be the owner of such guardrail and would assume all liability associated with such installation. In addition, the selection of type and size of guardrail would be left to the Town's discretion.

If the Town would be agreeable to this proposal, please have an authorized representative sign and return this letter to my attention in the envelope provided. Upon receipt of this signed letter, ANR would cover this associated expense upon completion of this installation and receipt of the invoice from the Oconto County Highway Department who ANR understands is the Town's agent for such installation activities.

Thank you for your help and cooperation on this matter, please contact me at the address or telephone number listed below if you have any questions, comments or require additional information.

ANR Pipeline Company
W 3925 Pipeline Lane
Eden, WI 53019
